PAVING & CONSTRUCTION

Quality
Performance
Experience
Integrity

OUR PHILOSOPHY

Corestone Paving & Construction has a fundamental philosophy which focuses on building relationships and partnering with our customers. We realize that the critical component in any business relationship is performance. Our continued goal is to insure that each job, no matter how big or how small, is performed with a focus on specific key performance elements including quality, professionalism and on time, as promised delivery.

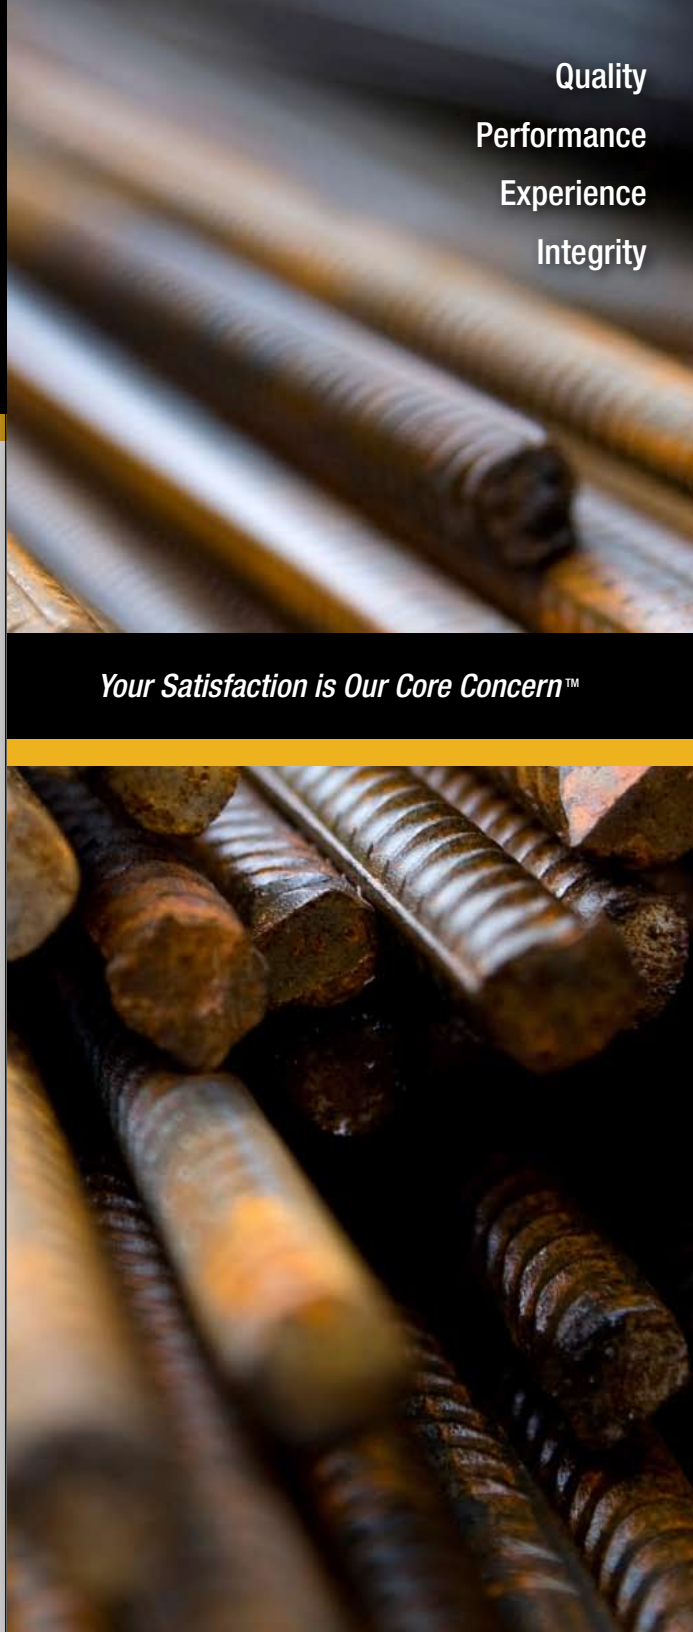

OUR EXPERIENCE

The operating partners of CPC have over 30 years of combined experience in the Houston construction market and have performed projects involving a wide range of specialized trades. Our project scopes range from small concrete and asphalt repair to large scale renovations involving complete replacement of facility parking areas. Our experienced crews provide our customers with quality and efficiency that insures a job done right.

OUR SERVICES

Corestone Paving and Construction provides commercial contracting services focusing on paving related segments of all types of construction projects. We specialize in pavement repair, replacement and maintenance of existing facilities as well as installation of paving for new/ground up developments.

Your Satisfaction is Our Core Concern™

TYPES OF FACILITIES

- Churches
- Shopping Centers
- Office Complexes
- Apartment Complexes
